Contents Index

Volume 7, No. 1-3, 1991, pages 1-160

Review: Dynamic Structure of Blood Flow in Microvessels, G. Mchedlishvili 3

The Effect of Smoking and Menopause on the Small Blood Vessels, B. Bercovici and E. Davis 51

Hepatic Microvascular Regulatory Mechanisms. XI. Effects of Serotonin on Intralobular Perfusion and Volumetric Flowrates at the Inlet of Periprotal and Outlet of Centrivenous Sinusoids, L.L. Blankenship Jr., E. V. Cilento and F.D. Reilly 57

Capillary Recruitment and Heterogeneity of Perfused Capillary Distribution in Dog Myocardium, S.R. Kayar and H.R. Weiss 77

Effect of Vasodilation and Vasoconstriction on Microvascular Pressures in Skeletal Muscle, S.T. Ballard, M.A. Hill and G.A. Meininger 109

Ischemia-Reperfusion Induced Gastric Mucosal Microcirculatory Alterations in the Rat, T. Kitahora and P.H. Guth 133

Erratum

Volume 7, No. 4-6, 1991, pages 161-326

Isolation and Characterization of Rat Lymphatic Endothelial Cells, M. Djoneidi and P. Brodt 161

Leukocyte-Endothelial Interaction and Capillary Perfusion in Ischemia/Reperfusion of the Rat Cremaster Muscle, M. Siemionow, W.Z. Wang, G. Anderson and J. Firrell 183

Nitric Oxide Does Not Mediate Arteriolar Oxygen Reactivity, W.F. Jackson 199

Differential Effects of Inhibitors of Cellular Function on Inflammatory Mediator-Stimulated Increases in Vascular Permeability, G.J. Grega and S.W. Adamski 217

Red Cell Membrane Dynamic Properties and Erythrocyte Metabolic Parameters in Essential Hypertension: Preliminary Report, G. Caimi, A. Contorno, A. Serra, R. Lo Presti, G. Grifo, S. D'Asaro, A. Catania, A.Sarno and G. Cerasola 245

Total Red Cell Calcium Content, Cytosolic Red Cell Free Calcium and Erythrocyte Membrane Dynamic Properties in Diabetes Mellitus, G. Caimi, A. Serra, R. Lo Presti, G. Grifo, A. Romano, A. Galluzzo and A. Sarno 257

Effects of Local Mast Cell Degranulation on Vascular Permeability to Macromolecules G.J. Grega and S.W. Adamski 267

Rheological Determinants and Red Cell Lipidic Pattern in Essential Obesity, in Obese Subjects with Non-Insulin-Dependent Diabetes Mellitus (NIDDM) and in Obese Subjects with Impaired Glucose Tolerance (IGT), G. Caimi, R. Lo Presti, A. Serra, A. Catania, S. D'Asaro, S. Verga, S. Buscemi and A. Sarno 293

Age-Related Potentiation of the Cutaneous Capillary Blood Flow Response to Heat Stress D. Richardson, S. Shepherd and J. Tyra 305
